

The Alfred Intensive Care Academic Centre 2025 Events

Advanced Life Support (ALS2)

This two-day internationally accredited course standardises the teaching of cardiac arrest and resuscitation management. The ALS2 course consists of lectures, practical workshops and cardiac arrest scenarios.

The Alfred also offers one-day recertification courses which act as a refresher training and allows those with a current ALS2 certification to recertify.

Tues 11 & Wed 12 **February**
Tues 29 & Wed 30 **April**
Tues 17 & Wed 18 **June**

Recertification
Thurs 1 **May**

Tues 29 & Weds 30 **July**
Tues 19 & Wed 20 **August**
Tues 25 & Wed 26 **November**

Mon 24 **November**

Alfred Advanced Mechanical Ventilation Conference plus Waveforms Workshop and Physiotherapy Symposium

The full day AAMVC conference will feature special International and local experts and is tailored to Doctors, Physiotherapists and Nurses who have a keen interest and knowledge of mechanical ventilation. Alongside the AAMVC Conference we also host a one day hands on Ventilator Waveforms Workshop and a Physiotherapy Symposium.

Waveforms Workshop
Wed 23 **July**
AAMVC Conference
Thurs 24 **July**

Physiotherapy Symposium
Fri 25 **July**

Alfred Bootcamp for CICM Second Part Clinical Exam Course (ABC2)

The ABC2 Course provides intensive preparation for CICM Second Part exam candidates, focusing on enhancing exam performance and psychological resilience. Participants engage in structured practice and critique sessions across various case scenarios, ensuring readiness and confidence for the clinical exam.

Thurs 20 & Fri 21 **March**

Thurs 28 & Fri 29 **August**

Basic Assessment & Support in Intensive Care

Developed by Charles Gomersall and the Chinese University of Hong Kong, this two day course is intended for junior medical staff as an introduction to Intensive Care support.

Tues 4 & Wed 5 **February**
Tues 6 & Wed 7 **May**

Tues 5 & Wed 6 **August**
Wed 5 & Thurs 6 **November**

Critically Ill Airway (CIA)

Developed by A/Prof Chris Nickson, CIA is a two-day interactive 'hands on' course designed to help clinicians develop a safe, flexible, team based approach to the unique challenges of airway management in critically ill patients.

Thurs 22 & Fri 23 **May**

Thurs 23 & Fri 24 **October**

Critical Care Review (CCR) Down Under

Save the date for an additional Belfast CCR Meeting in Melbourne, December 2025.

Tues 9 & Wed 10 **December (TBC)**

ECHO - The Alfred ICU Critical Care Echocardiography Course

The two-day Echo course incorporates lectures, case studies and hands-on training. Scanning is with live models using a 2:1 participant and instructor ratio to help you gain practical echo knowledge and skills that can be immediately applied to patients.

Wed 2 & Thurs 3 **April**

ECHO - The Alfred ICU Comprehensive Critical Care Echocardiography Course (ACCCE)

The ACCCE course has been created for the critical care doctor wishing to advance their transthoracic echocardiography skills and knowledge beyond a basic level 1 study.

Tues 12 & Wed 13 **November**

ECMO - The Alfred ICU in Collaboration with VECMOS Adult ECMO Course

The Alfred Adult ECMO Course is for doctors, nurses and perfusionists seeking to provide ECMO support to patients with severe forms of cardiac and respiratory failure. It is designed for participants with little prior experience in the provision of ECMO. All aspects of care required by these patients are addressed.

Course
Wed 26 & Thurs 27 **March**
Wed 13 & Thurs 14 **August**
Wed 15 & Thurs 16 **October**

Cannulation
Tues 25 & Fri 28 **March**
Tues 12 & Fri 15 **August**
Tues 14 & Fri 17 **October**

Global Neuro Course- Neuro Emergencies Care

This course covers the best strategies for managing neurological emergencies in the Emergency Department, ICU, and Operating Room. Taught by an international faculty, it follows Global Neuro's curriculum and uses lectures, workshops, and simulated case scenarios for learning.

Thurs 20 & Fri 21 **February**

Nutrition in the Critically Ill Symposium

This two-day event highlights the latest research and innovations in critical care nutrition. It includes academic sessions and a Friday night networking event. Open to all clinicians interested in clinical nutrition, with keynote speakers Professors Arthur van Zanten and Andrea Marshall.

Fri 28 **February** & Sat 1 **March**

Victorian Primary Examination Course for CICM (VPECC)

The VPECC course provides prospective candidates for the CICM primary examination with a 1-day workshop to develop study and exam technique for the CICM first part examination.

Thurs 12 **June**
